The DFS World. The DFS Group.

Meet us in Geneva.
Airspace World 2023, 8 to 10 March
Booth G13

DFS Deutsche Flugsicherung

EXPERIENCE OUR SHOWCASES

Tower Suite RTC Cloud

Explore our new remote tower control centre for regional airports, the second RTC centre in Germany. See the advanced RTC system combined with our cloud-based PHOENIX WebInnovation controller working position, including a radar screen and electronic flight strips, which will be operational for Braunschweig Wolfsburg and Emden airports in 2024.

PHOENIX WebInnovation

Our latest innovation is an integrated, web- and cloud-based air traffic management system that follows the modern Software as a Service approach (SaaS), with an intuitive radar screen and electronic flight strips.

DFS ATS Suite

Our highly scalable and customisable ATS System PHOENIX for centre, approach, tower or aerodrome control units combines modules in use operationally worldwide into an integrated ATS Suite with an intuitive air and ground surveillance situation display and electronic flight strip system.

Arrival Manager (AMAN)

The AMAN is a real-time arrival management system that has been proven in the field for more than 20 years in locations worldwide (Frankfurt, Munich, Amsterdam, Rio de Janeiro). Our AMAN, which is a multi-runway, multi-airport tool, includes EMAN and XMAN functionalities, and supports ATCOs with up-to-date planning suggestions based on real-time data.

Consulting

Proven ATM know-how at your service. Come by and find out more about our +29 products. Our portfolio ranges from the traditional, such as airspace design or optimisation of the airside operation, to the more innovative, such as RTC solutions and UAS.

DAS Aviation Academy

Come and try our remote 3D ATC simulator. Profit from remote training through online 3D simulation, and air traffic control training from basic to advanced. Whether initial or refresher training, standard course or customised project, we integrate remote simulation into training courses in a meaningful way to meet your training objectives.

JOIN OUR PRESENTATIONS & EVENTS

8 March 2023

11.00	Remote Training Demonstration Booth G13
12.30 - 13.00	UTM / ATM Integration in Germany Markus Biedermann, DFS FABEC OPS Theatre
13.00 - 13.25	How Transitions of ATC Systems can be Executed Successfully and Fast Moritz Manzel, DAS, Frequentis Aviation Arena
13.30	Remote Training Demonstration Booth G13
15.00	Remote Training Demonstration Booth G13
16.00	Reception with German Beer & Pretzels Booth G13

9 March 2023

11.00	Remote Training Demonstration Booth G13
13.30	Remote Training Demonstration Booth G13
14.30 - 14.55	Combining RTC with Cloud Computing for Modern Air Traffic Management Patrick von Paris & Leon Thomanek, DAS FABEC OPS Theatre
15.00	Remote Training Demonstration Booth G13
16.00	Reception with German Beer & Pretzels Booth G13

We are looking forward to meeting you!
