Jan - Jan 2026	Jan - Jan 2025	Trend 2025	Trend 2019

Please note:

This count covers the traffic in the area build by all control sectors with a German designator („ED“), regardless of the service provider, including civil and military traffic in sectors controlled by DFS and Maastricht UAC (Maastricht - Hannover sectors). The area counted is composed of modular control sectors designed for ATC purposes with partly cross border structures and is therefore not identical to the political border of Germany or the national Flight Information Region (FIR).
